

2017

CBMC Global Symposium on Cell Therapy

Translational stem cell research: Basic to clinical application

October 27th (Friday), 2017 CHA BioComplex Auditorium

Program

| Time | Title | Speaker |
|--|---|---|
| 13:30 10 13:40 | Opening Remarks | Dong-Ik Kim President & CEO CHA Bundang Medical Center(CBMC) |
| Session I Bench-to-Bedside Research on Brain & CNS | | Prof. Seungkwon You, Sang Hyuk Lee |
| 13:40 20 14:00 | Preclinical studies using FMDNPC for Parkinson's disease | Jisook Moon, PhD College of Life Sciences, CHA University |
| 14:00 25 14:25 | First clinical trial in Parkinson's disease using FMDNPC: phase I/IIa trial, 1-year follow up | Joopyung Kim, MD, PhD Department of Neurosurgery, CHA Bundang Medical Center(CBMC) |
| 14:25 25 14:50 | Transplantation of stem cells for repair of the damaged brain | Samantha Payne, PhD University of Toronto, Donnelly center for cellular & biomolecular research |
| 14:50 25 15:15 | Asymmetrically porous nerve guide conduit for peripheral nerve regeneration | Se Heang Oh, PhD Dankook University |
| 15:15 15 15:30 | Break | |
| Session II Efficient Technology for Clinical Application of Stem Cell | | Prof. Gianluca Vadala, Hee Jung An |
| 15:30 25 15:55 | Disc regeneration using MSC transplanted via the endplate route | Gianluca Vadala, MD, PhD Campus Bio-Medico University of Rome(UCBM) |
| 15:55 25 16:20 | Developing stem cell therapeutics for disc degeneration | In-bo Han, MD, PhD CHA Bundang Medical Center(CBMC) |
| 16:20 25 16:45 | Engineering strategies for regenerative medicine | Mike Cooke, PhD University of Toronto, Donnelly center for cellular & biomolecular research |
| 16:45 25 17:10 | Tissue engineering approach to regeneration of parathyroid gland | Han Su Kim, MD, PhD College of Medicine, Ewha Womans University |
| 17:10 10 17:20 | Closing | |

- ▶ **사전등록기간** 2017년 10월 16일 (월) - 2017년 10월 25일 (수)
- ▶ **방법** 분당차 연구중심병원 홈페이지 참고 rnd.chamc.co.kr
- ▶ **주관** 분당차병원(CBMC) 연구중심병원
- ▶ **지원사업** 보건복지부 연구중심병원 육성R&D사업 / 국제기술사업화기반조성사업
